

MEDICAL ADMINISTRATIVE ASSISTANT WITH EHR LEARNING OBJECTIVES

CareerStepTM

ONLINE EDUCATION & TRAINING SOLUTIONS

CURRICULUM LEARNING OBJECTIVES

Career Step's expert-developed curriculum includes training on ezEMRx software, an industry-standard, government-certified EHR software platform to ensure you have the hands-on experience you need. You'll also be prepared for the Certified Medical Administrative Assistant (CMAA) and Certified Electronic Health Records Specialist (CEHRS) exams after graduation. With Career Step's affordable tuition, you get a quality online education with one-on-one support. The learning objectives outlined below provide a map of the knowledge and skills you'll gain as you complete each module.

PROGRAM ORIENTATION (1 hour)

- Identify the elements, expectations, and requirements of the program.
- Navigate the program using the pages, menus, and buttons provided.
- Use the program tools, including the study planner, grade book, and completion report as well as learn how to contact Career Step using phone, email, forums, chat rooms, and social media.
- Identify and use program-specific resources.

WORKING AS AN ELECTRONIC HEALTH RECORDS OFFICE PROFESSIONAL (3 hours)

- Identify essential skills, qualities, duties, and strategies of an effective Electronic Health Records Office Professional.
- Identify employer expectations, name medical office industry certifications, and identify the members of a medical team and their responsibilities.

COMPUTER FUNDAMENTALS (5 hours)

- Identify basic computer hardware and interpret system requirements.
- Navigate a Windows operating system environment as well as install and operate basic software utilities.
- Use a web browser to navigate between websites in multiple tabs or windows, send and receive email, and access search engines to find information and troubleshoot basic computer problems.
- Recognize basic technologies related to an office environment.
